

DRIVERS OF SUSTAINABLE SECURITY IN SOUTHEAST ASIA

AGENDA

Introduction

Threats to sustainable security
in Southeast Asia

Solutions to establish sustainable security
in Southeast Asia

Conclusion

INTRODUCTION

Threats to sustainable security in Southeast Asia

Power politics focusing on power, the use of threat of force and the rise of unilateral measures

Strategic competition between major powers in the region

Unresolved disputes over sovereignty and natural resources

Nontraditional security issues

Solutions to establish sustainable security in Southeast Asia

Uphold rule of law and oppose use or threat use of force in international relations.

Resolve disputes and divergences by peaceful means.

Strengthen solidarity and consensus.

Enhance cooperation in building an increasingly prosperous ASEAN Community.

Deepen cooperation in coping with nontraditional security issues.

CONCLUSION
