

## **SUMMARY : CSS INDONESIAN ARMED FORCES**

### **ASEAN Defence security foresighting in the next 2 decades**

1. The development of technology 4.0 which is era of digitalization as step for improving human positions especially the rapid development of C4ISR, in facing challenge revolution technology and great power competition.
2. The problem between USA and China in the region, will impact common security issues among ASEAN member countries. So that we need power strategy with ASEAN solidity, centrality and promoting dialogues.
